We are supported by a strong management team and we strive to provide excellent services to satisfy the needs of the customers.

Background

Defence Security Force Pvt. Ltd. (DSF) is an emerging security service provider in the Nepali Private Security Industry. The field management of our company is well-appointed with necessary staffs that have outstanding experience in private security sector or extensive experience in the law enforcement agencies.

Safety and security is the basic need of any organization and the negligence to realize can lead to disasters. We can act as a custodian in emergencies by systematically safeguarding your lives and assets. With modern methodology and latest gadgets, we are all set to give peace of mind to all of our security conscious customers by serving them with dedication to quality and integrity.

DSF strives to provide the best security solutions for our customers through our conformity to high training standards which are on par with international security practices and a commitment to quality service and innovation.

Employment Procedure

DSF offers a complete range of security services across the country, all of which is delivered by our capable security guards with ex-service men background or have received complete service training.

We have strict hiring standards and filter applications to find applicants most suited for the job. After selection, each candidate is rigorously interviewed and skill tested on various grounds such as mental ability and personality. Our training team comprises of veterans security specialist and trainers from Nepal Army and Nepal Police. They are indeed the best in business. We evaluate and select the best of the local talent based on specific conditions as required for the job profile.

Employee Training

Skilled manpower is our trademark that we provide to our clients. Our dedication is to prepare highly skillful, inspired, well-trained, mission oriented personnel and their performance is the outcome. Risk assessment and threat perceived are the key components of training program which incorporates values and cultural practices in the training schedule.
